Areas of Expertise/Recent Projects

De Jeronimo Painting believes that it can improve on the quality and timeliness of services in this industry by commencing procedures that will avoid many of the errors that other firms make. Our company maintains close ties with clients throughout the entire project since each project is a customized job. Through these steps we are able to build up a reputation of higher quality service creating a long time relationship with our clients. By listening to our customers and striving to surpass their expectations, De Jeronimo Painting Co. has learned to identify and prevent the problems and frustrations that clients often experience with typical painting companies. Our open availability to any time any day is something else that sets up apart from other companies.To find out how we can meet your needs in your next painting project, contact us at our office.
