Manhattan Renovations

Company Philosophy

Manhattan Renovations is a general contracting and construction management firm specializing in NYC's exclusive private residential market. For the last twenty years, Manhattan Renovations has taken center stage at the forefront of the interior renovation industry. We cater to a select group of clients, working with top-notch designers and architects to deliver excellence on each project. We have set ourselves apart with a reputation for building trust and confidence with our clients, as well as our professional allies.

We select only the finest builders and craftspeople, each expertly trained, along with proven track records in their field. Combined with quality materials and through meticulous hands-on management, we maintain efficient communication with our industry partners, building boards, as well as with the City to ensure a seamless and punctual renovation.The client's vision remains our central focus throughout the entire process. At Manhattan Renovations we are invested in cultivating relationships based on integrity and providing solutions. We believe that the cornerstone of a quality renovation is when expectations meet reality.

Manhattan Renovations, the ultimate renovation experience.

Areas of Expertise/Recent Projects

We specialize in high-end custom interiors with a strong focus on maintaining the construction schedule. We offer Pre-Construction services as well General Contracting and Construction Management services. We are involved in several exciting new projects including residences at 300 Central Park West, 432 Park, and two combination apartments on Fifth Avenue. Contact us for an Estimate or to discuss our services.
