Empire Safe Co. Inc.

Company Philosophy

The Empire Safe & Vault Company has been in business in New York City for 110 years providing high security safes for both luxury residential and commercial interiors. They offer complete coordination with the leading Architects, Designers and Contractors throughout the country, offering expert knowledge and service, with pride. Since 1904 they have provided burglary protection safes and vault rooms to the diamond, jewelry and watch industries from Fifth Avenue to Rodeo Drive, to companies such as Tiffany & Co., Bulgari, DeBeers, Cartier, Piaget, Chopard and Audemars Piguet.

Empire Safe applied this wealth of experience to designing a complete selection of burglary protection safes specifically for apartments and private homes – available in all shapes, sizes and levels of protection. They offer handcrafted safe interiors in a variety of exotic wood and lacquer finishes, and the drawers are fitted with luxuriously covered inserts configured to organize jewelry, watches, and other valuables. A high security digital lock, where you program the combination, provides instant access to your safe.

With extensive architectural millwork experience they provide practical guidelines to adapting premium quality real safes or even insurance industry rated vault rooms into your projects or your home.

Conveniently located in a large Manhattan showroom with many models to choose from, Empire Safe Company is the trusted standard for authentic high security safes.
