Etelamaki Architecture PLLC

Company Philosophy

Jeff Etelamaki received a Bachelor of Science in Architecture from the University of Michigan and a Master of Architecture degree from Princeton University. He also participated in the Atelier Italia research program in Rome, a comprehensive survey and documentation of the ruins at Hadrian's Villa. Jeff is a licensed architect in the state of New York.</br></br>Prior to establishing his own practice in 2002, Jeff gained six years of professional experience at 1100 Architect in New York, and Richardson Smith Architects in Princeton, New Jersey. </br></br>Jeff Etelamaki is an Adjunct Assistant Professor in the Architecture Department at CUNY-NYC College of Technology.

Areas of Expertise/Recent Projects

ETELAMAKI ARCHITECTURE is a Brooklyn, NY based full service architecture and design firm, engaging in the design and execution of a wide variety of freestanding structures and interior renovations. The interplay between space and material, with special attention to detail, is a consistent theme throughout the body of work. Completed projects include a diverse range of residential, institutional and commercial projects of varying scale and scope.
