Company Philosophy

KWI specializes in turnkey homes designed to wow you when you first cross the threshold, while remaining flexible enough to change and grow with your taste in years to come. Our spaces are created to function and delight across all of life's moments, be it an intimate weekend at home or entertaining for a crowd. </br> </br>Like any project worth its time, exceptional design is a process, and the right partners are key. For those wanting to be a part of every step, we are here to educate and collaborate. Others like to delegate, and we excel in that autonomy, too. It's about what works for you. The process, however, is always simple, logical, and of course, really fun. This is a creative journey for everyone, and even in the smallest moments, it's a luxury that all are excited to take part in.</p>

Areas of Expertise/Recent Projects

Recent projects include NYC/Brooklyn apartments and townhouses, NYC area homes, and country, beach, and mountain houses further afield. While most projects have traditional time-frames, luxury fast-track services can be offered for select projects.</p>
