Company Philosophy

Steilish Interiors & Architecture was founded by Stefan Steil to transform buildings and spaces into creative showcases. Stefan began his career at S. Russell Groves in New York, and later worked for several prestigious firms such as Pierce Allen, Selldorf Architects and MR Architecture & Decor.</br>The scope of work extends from interior architecture and renovation to design and decoration for residential, retail and hospitality use. Stefan’s background in fashion design and tailoring informs his understanding of volume, scale, color, and texture.</p>

Areas of Expertise/Recent Projects

Spaces created are thoughtful in execution and express each client's taste and individual needs while focusing on space planning, functionality, and light. Each interior reflects an essential clarity that is layered with sumptuous materials and finishes, unique furnishings, and harmonious color schemes. The studio approaches each design as a team effort, drawing inspiration from and collaborating with artisans, craftspeople and engineers. </p>
