

Artisen Wood, Inc

Company Philosophy

With 30 years of experience we have relationships with regional suppliers of luxury quality to bring you a hand crafted one of a kind master-piece. The possibilities are as limitless as your vision. Mystique to Déclassé, Colony Buff to Night Forest, cerusing to wire brushing for texture... at Artisen our sole focus is bringing your inspiration to life.

Areas of Expertise/Recent Projects

At Artisen we are pioneering the LED finishing process that dries instantly under our LED lights. The organic oil applied has photo Initiators that react when exposed to LED lights to speed up the drying and curing process with no fumes. We provide the versatility to perform onsite finishing that matches the quality of our pre-finished flooring.
