Areas of Expertise/Recent Projects

After studying art history at Vassar College, Eve Robinson brought her talent and innate sense of style to Polo/Ralph Lauren. Her evolution toward interior design was a natural one. She completed the interior design program at Parson School of Design and in 1990 founded Eve Robinson Associates, Inc. in New York City. Since that time, ERA has appeared in House Beautiful, Elle Décor, Metropolitan Home, House & Garden, Interior Design, New York Spaces, and in the interior design books “Designer’s Here and There”, “Room for Children”, numerous House Beautiful Design books and “Waterworks: Inventing Bath Style”. She has been featured on HGTV's Interiors By Design program. The firm has been an active participant in the Kips Bay Boys & Girls Club Show Houses as well as the House & Garden Hampton Show House. ERA has been included in House Beautiful’s and New York Space’s list of top designers for many years.
