

## Architectural Flooring Resource, Inc.

### Company Philosophy

Established in 1993, Architectural Flooring Resource has proved to be a top competitor in the flooring industry. Whether it be a commercial or residential project, AFR is committed to providing quality flooring solutions that deliver the vision of Architects, Designers and End Users. AFR also provides an extensive showroom available to all clients.

### Areas of Expertise/Recent Projects

While working directly with designers and homeowners for several residential projects, Architectural Flooring Resource primarily focuses on commercial work. AFR serves all of New York, New Jersey, Connecticut and Philadelphia and is continuously growing their commissions with companies such as JP Morgan Chase, AIG, Carnegie Hall, The Museum of Modern Art, New York University and Jones New York. The firm also works closely with top designers such as A/R Environetics and Benjamin Noriega, a leading designer who continues to use Architectural Flooring Resource as his leading flooring provider.
