Scerri Quality Wood Floors

Company Philosophy

Scerri Quality Wood Floors Plus has been a family owned and operated business for over 30 years. Their quintessential philosophy, "quality,"- as their name suggests- has proven to be the mainstay of their success. From plywood to polyurethane, each and every material utilized by the Scerri Quality family, is meticulously chosen based on decades of experience. Moreover, people employed by the company go through the same rigorous screening process as SQWF, never subcontracts. Passion and honed skill are the recipe for fine craftsmanship and surely, the driving force behind Scerri Quality Wood Floor's industry achievement.

Areas of Expertise/Recent Projects

Scerri Quality Wood Floors used original French drawings to handcraft beautiful Parquet de Versailles floors for a landmark townhouse at East 75th Street. The project was completed in conjunction with design firm Cantonnet and Cantonnet.
