

Centron Construction Company

Company Philosophy

Centron construction is family owned & operated by David Fliflet and has over 30 years experience. We have a diverse range of construction expertise varying in size and application. Projects include new construction, renovation, and restoration. We specialize in high end designer bathrooms and kitchens , We work with accomplished designers to accommodate our customer's budget from the economical to the extravagant. We believe that at any budget, our clients deserve the best quality, workmanship, and superb customer service. Our reward is receiving a positive referral from every customer!
