## Company Philosophy

Stedila Design Inc. has enjoyed 30 successful years of Interior Design practice and unique, high end distinction. To date, the firm has worked and completed projects on three continents, continuing Stedila's tradition of custom residential and commercial design.

## Areas of Expertise/Recent Projects

Stedila has expanded in recent years to include large-scale residential interior projects, such as lobbies and other public spaces. An increased interest in green design has Stedila working on "The Solaire" an elegant, an 27-story residential tower that is aiming to become the country's first environmentally sustainable residential high-rise.
