

Fred Smith Plumbing & Heating Co.

Company Philosophy

For nearly 100 years Fred Smith Plumbing has been providing comprehensive white glove plumbing and heating services to NY's finest buildings. Fred Smith's reputation has been built on high quality, fairly priced service, an impeccable attention to detail, and remarkable neatness on the job. Our clients trust us to do what we say we will. To be there when they need us. And to arrive with the experience and expertise needed to get the job done right the first time. At Fred Smith Plumbing, job satisfaction is drawn from customer satisfaction and work that's well done. From basic apartment repairs to building-wide upgrades to ongoing maintenance, our services include: plumbing, water purification, roof tank cleaning, pump repair, fire suppression, drain cleaning, high pressure steam, HVAC, heating, and private repairs (including repairs of those foreign-made fixtures that require an ever so delicate touch) and alterations.

Areas of Expertise/Recent Projects

Fred Smith Plumbing invites you to visit our website and read the case studies to glean our values and get a sense of exactly how we troubleshoot and solve problems that leave other plumbers scratching their heads.

If you'd like to see us in action, check out the video below, highlighting our High Pressure Steam Services:
