Michael Simon Interiors Inc.

Company Philosophy

We listen carefully to each client to understand and respect their design goals, then translate their vision into a unique, personalized interior. Reaching into the past for inspiration, we create homes for the present, never repeating a design. Serene, intimate and harmonious, traversing fads and fashion, the interiors remain timeless and elegant.

Areas of Expertise/Recent Projects

Currently, with a distinguished client roster, Simon works around the world, setting a standard for excellence in residential design. The New York designer says he “composes rooms,” bringing the discipline and thought process of his formal education to his patrons’ homes, resulting in stunning rooms in a range of styles where architecture and decoration seamlessly integrate and all the elements “coalesce to sing.” Acclaimed for his mastery of the decorative arts spanning the centuries, Simon lectures frequently and has contributed to the public programs of the American International Fine Art Fair; Institute of Classical Architecture & Art; Hillwood Estate, Museum & Gardens; Society of the Four Arts; and Sotheby’s Institute of Art. Recent projects include the completion of a hillside residence in Menlo, California, a grand apartment overlooking Central Park in New York City, a residence in Lenox, Massachusetts and and an in Kuwait.
